

KOTRACK

A Total Supply Chain Management Company

**KTR**
Undercarriage Parts

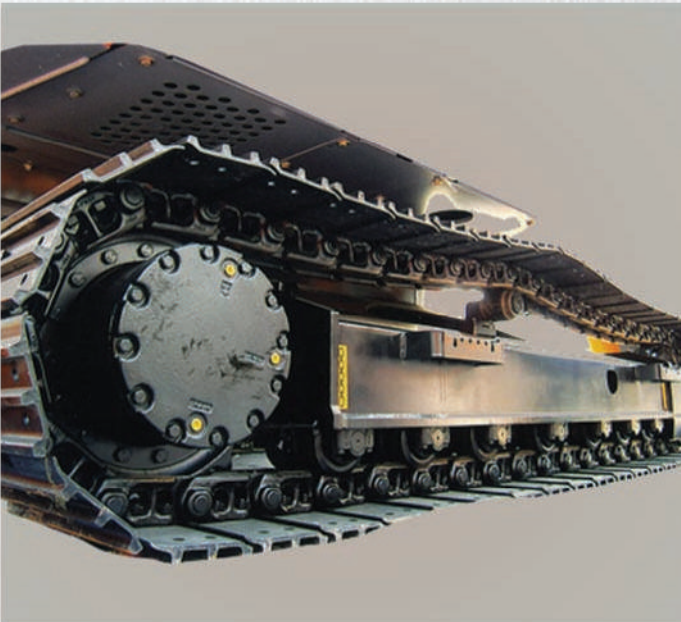

A Total Supply Chain Management Company

With wide dealer network around the world, KOTRACK has become one of the major replacement parts suppliers in Korea.

We are supplying first grade of product which are basically approved by world major construction machinery manufacturers and dealers.

Our production process and quality control standard are from OEM customer like Hitachi and Komatsu. We are also dealing with major after-market dealers in Europe, North America and Japan as well. You will be satisfied with our quality parts and enjoy our service as our current customers do.

As a Total Supply Chain Management Company, Kotrack is serving from Designing, Material Procurement, Manufacturing Control, Logistic, to Custom Clearance... that you need to do.

► **QUALITY**

All parts are manufactured by our sub-venders with our quality standard which is the same with OEM parts to Japan.

► **COST**

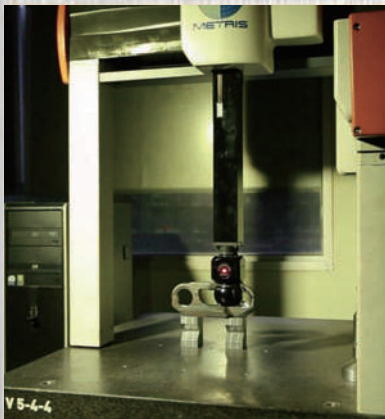

With the same quality as OEM parts, Kotrack products are reasonable and affordable to pay.

► **DELIVERY and SERVICE**

We consolidate all of your order parts in a container which can save your indirect logistic cost. Our experienced staffs are serving you with punctuality.
